ASSOCIATION OF MINING  
AND EXPLORATION COMPANIES

## Who is AMEC?

The Association of Mining and Exploration Companies (AMEC), is the peak industry representative body for mineral exploration and mining companies throughout Australia with offices in Perth, Brisbane and Sydney.

Founded in 1981, our purpose is to facilitate a positive political and economic environment to grow the exploration and mining industry on behalf of our members.

We are regarded as an extremely professional, credible and effective advocate for the industry by governments, stakeholders, and our growing membership base.

## Why join AMEC?

The risks to mining and exploring in Australia have never been as complex or as uncertain as they are today. Combined with intense competition in global markets, these risks pose significant concerns to the balance sheet of Australian miners and explorers.

In this environment, a company's key competitive advantage is just as likely to be the ability to manage its social and political risks as its ability to find and extract a resource.

AMEC's goal is to value add to your risk management activities, and protect and improve your balance sheet by providing access and input to public policy decision making.

During the past 30 years we have built an enviable communication network of key decision makers including; major political parties, Government agencies, non-Government agencies, industry groups and community groups throughout Australia.

By becoming a member of AMEC your company will have access to our impressive network, be on the leading edge of understanding the socio-political environment, be able to manage risks more effectively and gain a competitive advantage that will protect and improve your balance sheet.

**Our recent risk management achievements for the industry include:**

- effectively campaigning against the Resources Super Profits Tax and reducing the number of commodities to be penalised by the mining tax
- protection of industry by virtue of a large volume of submissions to all levels of government on legislation regulation, tax, environment, cultural heritage, infrastructure, workforce planning and land access issues
- driving initiatives to streamline the environmental, cultural heritage and native title approval processes at various State, Territory and Federal levels
- being a strong voice through the media and other outlets on behalf of the industry.

**In addition AMEC provides a number of services designed to add value to your company, these include:**

- invitations to free member networking events
- discounts on delegate rates and exhibition packages at the AMEC Convention
- discounts on presentation fees at investor briefings held throughout Australia
- 20% discount on mineral exploration insurance including Directors and Officers liability insurance
- exclusive discounts on travel through AMEC Travel Group including air fares, accommodation and car hire.

**To learn more about the benefits of becoming a member please visit our website;  
[www.amec.org.au](http://www.amec.org.au) or contact our office on 1300 738 184 or join today!**

**Simply fill out the form on the reverse side and return to the email, fax  
or address details provided.**
