

**Mining Access Legal** provides clear and commercial legal advice to the resources sector.

**Mining Access Legal** is staffed by a number of former top tier lawyers. The principal, **Hayley McNamara**, has strong technical skills and knowledge of the legal issues facing the resources sector having advised exploration and mining companies for in excess of 15 years.

**Mining Access Legal** offers commercial, practical and pragmatic legal advice to exploration and mining companies. In particular, **Mining Access Legal** assists its clients in relation to:

- all aspects of acquisitions and divestments of resources projects, including due diligence and sale and purchase agreements;
- farmin and joint venture agreements and split commodity arrangements;
- Solicitor's Reports for public disclosure documents;
- offtake agreements;
- service agreements (including mining contracts and infrastructure contracts) in respect of operating mines;
- strategic advice in relation to land access processes;
- mining access agreements and pastoral access agreements;
- management of Warden's Court matters;
- Aboriginal heritage and Native Title advice and negotiations;
- advice on regulatory approval and compliance issues, including in relation to the Mining Act, State Agreements and land access; and
- negotiation of access agreements and conduct of associated objections under the Mining Act.
