	Activity authorised to proceed as planned. To be consistent with the Objects and Principles of the Act, it is recommended that proponents should undertake the activity to avoid or minimise harm wherever possible.	Activity is authorised to proceed as planned provided it is not in a Protected Area and as long as a DDA is undertaken, and the proponent takes all reasonable steps possible to avoid or minimise the risk of harm being caused to ACH.	Activity will require the issue of a Permit.	Activity will require an approved or authorised Aboriginal Cultural Heritage Management Plan.
